

# LIQUORIFICIO ANIMAS

**Amaro Rempellos**, created and lovingly crafted by '**Animas Liquorificio**' the skilled distillers of Siniscola, Sardinia, is a fine example of the ancient art of Sardinia liqueur making.

This hand made bitter with its meticulous fusion of berries, herbs, leaves and roots encapsulates the heart and soul of the mediterranean scrub lands which thrive within the territory of Siniscola.

With its perfectly balanced mosaic of flavours **Amaro Rempellos** offers a subtle combination of balsamic tones found only in juniper berries, the resinous notes of the mastic berry fused with the freshness of wild fennel and myrtle.

**Amaro Rempellos** is a striking, intense, golden green colour and when smelled a symphony of Mediterranean scents are unleashed... pleasant, balsamic notes of juniper nuanced with a musky woody bouquet and blended with lighter notes of myrtle, mastic and wild fennel.

Only when sipped can the complexity of the liqueur be understood. Full bodied and strong the initial sweetness is overcome by a balanced blend of bitter and herbs: then a light spiciness comes to the fore which merges with juniper herby nuances creating layers of flavour which gradually reveal themselves to the palate.
